Soft Skills Public speaking, Emotional intelligence, Growth mindset, Persistence, Time management, Willingness to learn, Problem-solving, Transparency, Critical thinking

PROJECTS

Gym Tracking App. Developed a React Native application designed for tracking individual workouts and habits. The app incorporates a subscription plan system, allowing users to access personalized daily routines and challenges. It provides a seamless experience for users to monitor their fitness journey effectively. [react native]

Home Service System. Development of a Web-based home service system provides the detailed information about the number of trusted professionals , nearby the User's location and hire them as per their needs.[nextJs, firebase]([click to view](#))

Anime Steaming Website/App. I have experience developing anime streaming platforms utilizing cutting-edge technologies. Leveraging React.js for web interfaces, Node.js with Fastify for robust backend functionality, and MongoDB for efficient database management. Additionally, proficient in developing responsive mobile applications using React Native for seamless user experiences.([click to view](#))
